To the A.G. of the United States of America,
the Dept. of Justice, et al.,

A Federal Judge found Microsoft " GUILTY " of being an illeagle monopoly.
And you then let them dictate the punishment.As one " of the people, by the
people, for the people " I have just two questions ...

First ... how do you sleep at night ?

Second ... now that you have helped them screw the American people ...
can we expect at least a kiss from you (now that you're done kissing
Bills ass) or from Microsoft. Or should we just look for the hundred dollar's
on the night stand when we get up in the morning?

Now so as to make sure that I have made my point,I will put it into
plain, simple, American english ...

... Now that the American people have been fucked by you and Microsoft.
Do we at least get a kiss, or should we just expect to be paid like a
cheap whore?

If the latter is true, please put mine into an account to help pay
down the defficate that the present administration is running up.

Lastly, please remember where the fallowing sayings come from.
Then go back and do the job you are paid for.

" We the People ..."

" When in the course of human events ..."

Signed ...

One really pissed off American,
